

ALMA ecopelle, econabuk, pelle / ALMA eco-leather, econabuk, leather

Design Antoy Filips

La Madia Alma и la madia made in Italy dal carattere contemporaneo e minimal, che grazie al suo design pulito si adatta con disinvoltura a tutti gli ambienti. Ideata dal designer Antoy Filip, Alma и definita da linee e volumi essenziali ed и disponibile in versione madia a 2 o 3 ante, La struttura e le ante sono realizzate con grande attenzione e cura dei materiali: Alma put essere rivestita in pelle, ecopelle o econabuk. Il ripiano put essere personalizzato in legno impiallacciato o ceramica, mentre i piedini in metallo verniciato nero V01. La madia moderna и dotata di ripiani interni in cristallo fumè, questa madia moderna и un elemento d'arredo versatile che trova la sua collocazione negli ambienti di casa ma anche in luoghi lavorativi. Per chi preferisse una versione più elaborata, che mantenga per tutta l'eleganza e la bellezza di questo arredo, и disponibile anche la Madia Alma Diamond, con ante trapuntate. La madia Alma High, nella versione a due ante, deve essere fissata a muro obbligatoriamente ed ha un interno con specchio in bronzo.

The Alma sideboard is the made in Italy sideboard with a contemporary and minimal character, which thanks to its clean design adapts easily to all environments. Conceived by designer Antoy Filip, Alma is defined by essential lines and volumes and is available in a sideboard version with 2 or 3 doors. The structure and doors are made with great attention and care for the materials: Alma can be covered in leather, eco-leather or econabuk. The shelf can be customized in veneered wood or ceramic, while the feet in black painted metal V01. The modern sideboard is equipped with internal shelves in smoked glass, this modern sideboard is a versatile furnishing element that finds its place in home environments but also in work places. For those who prefer a more elaborate version, which however maintains all the elegance and beauty of this furniture, the Alma Diamond sideboard is also available, with quilted doors. The Alma High sideboard, in the two-door version, must be fixed to the wall and has an interior with a bronze mirror.

FINITURE/FINISHES

Attenzione: il prodotto finito può presentare delle lievi variazioni di colore rispetto ai campioni forniti dall'azienda. I colori visualizzati sono puramente indicativi e possono variare rispetto alla realtà. Rivolgersi ad EFORMA o al proprio rivenditore di fiducia per ricevere maggiori informazioni. EFORMA si riserva di apportare modifiche e/o migliorie di carattere tecnico ed estetico ai propri modelli e prodotti in qualsiasi momento e senza preavviso. / Attention: the final product may show slight variations in colour compared to the samples supplied by the company. The colours displayed are indicative and can vary in reality. Please contact EFORMA or your preferred retailer for more information. EFORMA reserves the right to change and/or apply technical and esthetical improvements to its models and products at any time without any notice.

Metallo/Metal

I metalli della nostra collezione vengono verniciati a polvere così da rivestire le nostre superfici a scopo decorativo e protettivo. Lo spessore finale della verniciatura a polveri, risulta particolarmente elevata contribuendo ad una serie di rilevanti vantaggi sul prodotto verniciato: resistenza meccanica, resistenza agli agenti corrosivi, scarsa infiammabilità, precisione nell'applicazione. Le verniciature a polveri utilizzate sono totalmente atossiche e prive di solventi, per questo motivo la verniciatura a polveri è una lavorazione ECO- FRIENDLY, a bassissimo impatto ambientale. Disponibile la versione cromata dove il metallo o l'alluminio vengono rivestiti di cromo, conferendogli così durezza, resistenza chimica e resistenza all'ossidazione. / The metals in our collection are powder coated in order to coat our surfaces for decorative and protective purposes. The final thickness of the powder coating is particularly high contributing to a series of advantages for the painted product: mechanical resistance, resistance to corrosive agents, low flammability, precision in the application. The powder coatings used are non-toxic and solvent-free, for this reason powder coating is an ECO-FRIENDLY process, with a very low environmental impact. The chrome version is available where the metal or aluminum is coated with chrome, giving it hardness, chemical resistance and resistance to oxidation.

Cristallo/Glass

I cristalli utilizzati da EFORMA vengono temprati come richiedono e prescrivono le norme antinfortunistiche. Le lastre di vetro colorato, soprattutto nelle superfici più ampie, possono presentare dei piccoli puntini che sono dovuti alle caratteristiche di lavorazione, ai processi di verniciatura ad alte temperature ed a reazioni naturali del cristallo. Tali irregolarità non possono in alcun modo essere considerati difetti ma naturali variazioni in un processo di lavorazione molto sofisticato e delicato. / The glasses used by EFORMA are tempered as required and prescribed by accident prevention regulations. The sheets of colored glass, especially in larger surfaces, may have small dots that are due to the characteristics of its processing, of the painting process at high temperature and the natural reactions of the crystal. These irregularities can in no way be considered defects but natural variations in a very sophisticated and delicate process.

Legno/Wood

Il legno che viene utilizzato è tra i migliori che esistono sul mercato europeo. Viene lavorato con le migliori tecniche garantendo così resistenza e durata.
The wood which is used is one of the best available in European markets. It is worked with the best techniques guaranteeing resistance and durability.

LEGNO IMPIALLACCIATO/VENEERED WOOD

I piani impiallacciati nelle varie essenze, sono accuratamente selezionati e aggiuntati utilizzando fogli rigati e fiammati. Piccole variazioni di colore testimoniano l'autenticità di ogni singola pianta. Sulla superficie vengono applicate vernici opache trasparenti. / *The veneered tops in their various essences, are carefully selected and added by using striped and flamed sheets. Small variations of color testify to the authenticity of each plant. Transparent opaque varnishes are applied to the surface.*

Dark Brown stained Ash

LEGNO MASSELLO/SOLID WOOD

Il legno utilizzato è un materiale di pregio che si caratterizza principalmente per la resistenza all'usura e per l'estetica. Durante il suo ciclo di crescita, sviluppo e maturazione, il legno si evolve nelle sue qualità come il cambio nel colore, nei nodi, e nelle vene. Essendo un materiale vivo, e naturale, può presentare delle variazioni di vene e di tonalità.
The wood used is a valuable material that is mainly characterized by its wear resistance and its aesthetics. During its cycle of growth, development and maturation, the wood's qualities. Evolve showing a change in color, in the knots, and in the veins. Being a living, natural material, it can present variations in veins and shades.
